Statement of the Islamic Emirate on the Tenth Anniversary of 9/11

Shawwāl 11, 1432 A.H, Saturday, September 10, 2011

In the Name of Allah, the Most Compassionate, the Most Merciful

Each year, the 9/11 reminds the Afghans of an event in which they had no role whatsoever, but, using this as a pretext and a clout, the American colonialism shed blood of tens of thousands of miserable and innocent Afghans. Still the atrocity has been continuing. Then it happened in a time that the Afghans had freshly floundered out of the vortex of a two decades-long war and were buoyed up by the newly-emerged vista of an Islamic regime.

The Islamic Emirate of Afghanistan, from the outset, has been calling for an impartial investigation into the event but, contrarily, the Americans and their coalition partners, far from positively responding to this rationale demand of the Islamic Emirate, are sending cruise missiles, poisonous and depleted uranium embedded weapons instead.

It will remain a permanent stigma on the face of the Western democracy that America and her Allies martyred tens of thousands of Muslims under the pretext of this ambiguous and murky event. Children, old men, women and even infant of a few days are among the victims. They destroyed our villages, orchards, standing plantations and even townships under the unjustified name of war on terror. Even now, the Americans and their Allies kill innocent Afghans through blind bombardments and night raids. They have been keeping thousands of Afghans in detention at Guantanamo, Bagram and Kandahar prisons and at Shindand, Nangarhar, Mazar-i-sharif, Khost and other bases where they are brutally tortured. Tens of best sons of this land have breathed their last under torture.

All these anti-human crimes are being perpetrated by those who claim being pioneers and leaders of democracy and advocates of human rights in the world. But notwithstanding their arrogance and brutalities, this also should be borne in mind that the Afghans as a proud honor-loving and principle-abiding people, have dealt such a jaw-breaking blow at the American tyrants that it was absolutely beyond their calculations and predictions. They are now biting their fingers of grief and worry.

The Afghans are armed with the weapon of belief and have infatuation with protecting their honor and dignity. Such weapon is neither available in the arsenal of America nor in the warehouse of her Allies. Likewise, the enemy has no deterrent to confront this weapon.

We believe the weapon of belief will ultimately overcome over that of the material prowess, if God willing. Furthermore, we urge all concerned circles of the world to press on the war-mongering American colonialist rulers to desist from gobbling down our land and natural resources under the so-called unjustified name of terrorism, nor they should shed the pure blood of the Afghans any more in order to obtain their colonialist goals. Otherwise, the Afghans have an endless stamina for a long war and, perceivably through a country-wise uprising, will send the Americans to the dustbin of the history like they did send other empires of the past to such a destination. (Inshallah)
